EXPERIENCE

I recently completed an internship in Cybersecurity for industrial automation systems at Yokogawa India Limited in Bangalore. Additionally, I participated in a Cybersecurity Virtual Internship established by the Government of India through AICTE. As a Network Engineer, I assisted in resolving problems, enhancing operations, and delivering outstanding service. I also contributed as a team member on group projects by assigning tasks and offering constructive feedback. My creativity and resourcefulness were showcased through the creation of innovative solutions, and I effectively identified problems, analyzed data, and provided effective solutions.

EDUCATION

2020 - present	BTech(CSE-H)	**KL University**	(GPA: 8.53)
2018 - 2020	Class 12th	**Andhra Loyola College**	(GPA: 8.29)
